

## Condensatori elettrolitici

### STANDARD SERIE SS 22UF 50V Ø6.3X5MM IN REEL

COND SS 22uF 50V NS 2.5 6.3x5 #

Codice Adimpex: **CH022050-R**

P/N: **SS-220M1H0605-SA0**

Diagram of Dimensions

1.  $\phi D = 3\text{mm}$

2.  $\phi D \geq 4\text{mm}$

Unit: mm

| Lead Spacing and Diameter |     |     |      |     |     |
|---------------------------|-----|-----|------|-----|-----|
| $\phi D$                  | 3   | 4   | 5    | 6.3 | 8   |
| P                         | 1.0 | 1.5 | 2.0  | 2.5 | 2.5 |
| $\phi \alpha$             | 0.4 |     | 0.45 |     |     |
| $\alpha$                  |     |     | 1.0  |     |     |
| $\beta$                   |     |     | 0.5  |     |     |

## Caratteristiche Tecniche:

|                               |                |
|-------------------------------|----------------|
| Passo:                        | 2.5 mm         |
| Capacità (μF):                | 22             |
| Tensione:                     | 50 V           |
| Dimensione elettrolitici PTH: | 6.3x5          |
| Temperatura e cicli vita:     | 85°C - 1000Hrs |
| Montaggio:                    | PTH            |
| Tipologia:                    | Standard       |
