

## Condensatori elettrolitici

### STANDARD SERIE TS13DE 1000UF 50V Ø13X25MM IN REEL

COND EL 1000uF 50V TS13DE 5.0NS 13x25

Codice Adimpex: **CL221050SU**

P/N: **TS13DE1H102MSA0B0R**

## Caratteristiche Tecniche:

|                               |                |
|-------------------------------|----------------|
| Capacità (μF):                | 1000           |
| Dimensione elettrolitici PTH: | 13x25          |
| Passo:                        | 5 mm           |
| Tensione:                     | 50 V           |
| Temperatura e cicli vita:     | 85°C - 2000Hrs |
| Montaggio:                    | PTH            |
| Tipologia:                    | Standard       |
