

**Led**
**REVERSE MOUNT LED 1206 ROSSO (625NM) TYP. 12.5MCD 120°**

LED KPTR-3216ID 1206 12.5MCD 120° D ROS(625nm)

 Codice Adimpex: **OH322019-R**

 P/N: **KPTR-3216ID**

**Caratteristiche Tecniche:**

|                                  |                   |
|----------------------------------|-------------------|
| Intensità luminosa tipica (mcd): | 0-100             |
| Corrente Led (mA):               | 10-20             |
| Angolo visivo:                   | 120 °             |
| Case SMD:                        | 1206 (3.2x1.6mm)  |
| Lunghezza d'onda(nm):            | 625               |
| Tipo lente:                      | Diffused          |
| Dome Lens:                       | No                |
| Gamma:                           | Reverse mount Led |
| Colore:                          | Rosso             |
| Montaggio:                       | SMD               |
